Smart Contract

Business Benefits

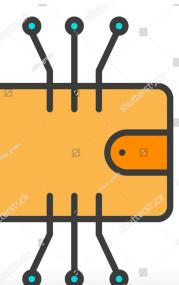

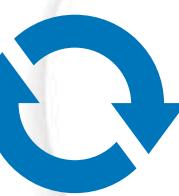

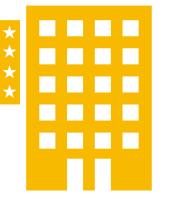

BENEFITS Blockchain Tech

- * Blockchain immutability
- * No 3rd party required
- * Transaction validation
- * Decentralized
- * Cost reduction
- * Paperless
- * Extremely secure
- * Increase Efficiency

BENEFITS CrossCheck Tech

- * Easy to make contracts
- * Growing library of forms
- * Easy linking to digitalised documents
- * Includes cryptocurrency wallet
- * Free contract creation
- * IOT sensors
- * Global coverage

Why Blockstack?
Secure browsing

**To DaPP
(via Blockstack
browser)**

**Browse into the new
internet world of
Blockchain**

Why Blockstack?

**It allows for a
decentralized
internet
experience**

**Why CrossCheck
DAAP?**

**Is the new standard
for
Decentralised Application**

**Why an ID
Blockstack?**
**To protect
your privacy**

**You only
have to
login once**

Blockchain BENEFITS

- * No 3rd party involvement required
- * Transaction certification as needed
- * Decentralized
- * Cost reduction
- * Paperless
- * Secure
- * And more!

Smart Contract BENEFITS

CrossCheck BENEFITS

- * Easy to make contracts
- * Growing library of smart contract
- * Easy linking to digitalised documents
- * Includes cryptocurrency wallet
- * Free contract creation
- * Cross-Check validity
